BRIAN RAMIREZ ORTEGA
JUNIOR WEB DEVELOPER | FRONT END
Commerce City, CO | (720) 767-4088 | brianramirezbro@gmail.com
github.com/Brian767 | linkedin.com/in/brianramirezo

PROFESSIONAL SUMMARY

Computer Science graduate building responsive web experiences with HTML, CSS, JavaScript, and React. Experienced in translating user needs into clear interfaces, collaborating across teams, and delivering detail-oriented work. Seeking a junior web developer role to contribute frontend skills and grow as an engineer.

TECHNICAL SKILLS

Languages: JavaScript, HTML, CSS, Python, C++
Frontend: React, React Router, Bootstrap, responsive design, accessibility fundamentals
Tools and practices: Git, GitHub, IntelliJ IDEA, Visual Studio, Agile / Scrum, localStorage, REST API integration

PROJECTS

PIKA BNDR | React, React Router, TCGdex API
• Built a multi-page Pokémon TCG app to search cards, filter results by set and rarity, and manage collection quantities.
• Integrated TCGdex data and displayed available TCGplayer prices with an estimated collection value.
• Created a nine-pocket digital binder with drag-and-drop and touch-friendly card rearrangement. Saved collection and binder data in localStorage.

Personal Portfolio Website | React
• Built a responsive portfolio with reusable components for the home, projects, about, and contact sections.
• Organized project details and technologies in reusable project cards, with links to source repositories and professional profiles.

EXPERIENCE

Sales Associate | Under Armour, Thornton, CO | Apr 2026–Present
• Help customers choose products through sizing guidance and recommendations while maintaining a positive service experience.
• Support merchandising, inventory organization, and incoming freight operations in a fast-paced retail setting.

Print Specialist | Staples, Broomfield, CO | Oct 2025–Apr 2026
• Managed custom print orders and helped customers prepare files, refine design requirements, and select suitable products.
• Coordinated with teammates to resolve production issues while meeting accuracy, quality, and turnaround expectations.

Peer Advisor | Pre-Collegiate Development Program, CU Boulder | May 2022–Jun 2025
• Coordinated Saturday academies for cohorts of 100 students and supported summer programs for first-generation middle and high school students.
• Tutored groups of 15–20 students, assisted with engineering and calculus instruction, and provided college preparation guidance.

Team Leader | Harkins Theatres, Denver, CO | Jun 2021–Oct 2021
• Coordinated team tasks during busy shifts and supported daily theater operations while providing efficient guest service.

EDUCATION

University of Colorado Boulder | B.A. Computer Science | Minor in Creative Technology and Design | May 2025
GPA: 3.2 | Relevant coursework: Data Structures, Algorithms, Object-Oriented Analysis and Design, Software Development Methods and Tools, Database Systems, Computer Systems, Cybersecurity, Web Development
Languages: English and Spanish (native or bilingual proficiency)
